

# GP Fuel Supply - Code of Conduct

## 1. Introduction

At GP Fuel Supply, we are committed to conducting business with integrity, professionalism, and transparency. Our Code of Conduct sets the standard for ethical business practices, customer protection, and environmental responsibility.

## 2. Commitment to Quality

We guarantee that all fuel supplied by GP Fuel Supply meets the highest industry standards. All deliveries include a Bill of Lading (BOL) for full transparency and quality assurance.

## 3. Ethical Business Practices

GP Fuel Supply does not engage in bribery, fraud, or unfair business dealings. We comply with all South African laws, including the Petroleum Products Act and B-BBEE requirements.

## 4. Client Protection

We are committed to maintaining the confidentiality of our clients and ensuring that all business transactions are handled with the highest level of trust and integrity.

## 5. Environmental Responsibility

GP Fuel Supply supports environmental sustainability by following best practices to reduce emissions, prevent fuel spills, and promote clean energy solutions.

## Agreement

By signing below, I acknowledge and agree to abide by the GP Fuel Supply Code of Conduct.
